Sat. a.m.

My dear- I am sending the doll to-day so that you may get it in time to finish before the Advent of St. Nicholas- I left every thing wait while I did this much & am sorry I cannot do the "stuffing" but I have so many things clamoring for attention. We got the two back pieces just the same, as I discovered after making all the "lovely curls" so had to do another one; fortunately had enough without mutilating the other half completely. Enjoyed your visit so much, only it was too short. When you get ready to move if you will permit I will send H. down to help for 3-4 days- It would do her good to come for a change. What do you say? Let me hear when you can. Hope you may have happy Xmas. Love- M.M.S.
